"The harvest is plentiful, but the laborers are few; therefore beseech the Lord of the harvest to **send out laborers into His harvest.**"

-Luke 10:2

April 2013

Spring break 2013 was a great success and we so appreciate your prayers over the past month as students have traveled all across the nation to preach the Gospel of salvation in Christ. We teamed up with **350 people** from **5 other churches** that have been birthed from our church here in Tucson. Together we went to **8 different college campuses** for outreach. Over a three week period thousands of students were approached with the Gospel and **98 prayed to surrender their lives to Jesus!** Teams from 3 of the churches also came to the U of A for spring break and they met over 500 students here who are looking for a church or interested in meeting for a Bible study. Please pray for the Lord's protection and guidance as they learn to follow after the call and destiny of God on their lives.
